

Handsmoke

Orange

The handheld orange smoke is a marine flare designed to give maximum output from a minimum size container.

The orange handsnake is a daylight distress flare and an excellent choice for your leisure boat. The denced smoke also shows the wind direction. This orange hand smoke is, as all of our products, easy to use and comes with clear instructions.

The orange handheld flare is CE approved.

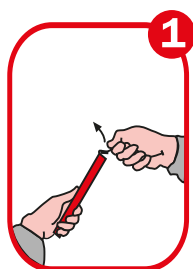

- Easy to use
- Designed for daylight distress
- Corrosion resistant steel case

Handsmoke: Orange

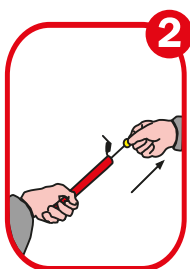

Smoke time	> 60 s
Dimensions	243 x 30 mm
Weight	180 g
Ref. no.	34 17 00
CE-approved	Yes

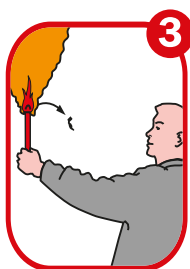

Directions of use:

1. Hold the plastic handle with one hand. Open the top lid.

2. Pull the ignition cord away from you. Do not point towards other people.

3. Hold the flare in the plastic handle during the burning time. When burnt out, cool down in water if possible. CAUTION, tube is HOT.
