

safe seas, safe shores

## SAFIN 420 Inflatable Rescue Boat

SHM's SAFIN 420 is India's first inflatable rescue boat to be awarded the EC/MED certification. Designed for maritime rescue applications as per the SOLAS convention, LSA code 96, SAFIN 420 meets the industry's highest safety regulations and is tested as per IMO MSC. Resolution 81 (70).

Constructed with lightweight, UV resistant Hypalon Neoprene coated fabrics, the SAFIN 420 boasts excellent weather, puncture and abrasion resistance. It offers extended long life and optimum performance and comes fitted with all standard safety equipment as mandated by the IMO.

### Specifications:

Product Code: S01101

|              |                                                          |
|--------------|----------------------------------------------------------|
| Length       | : 4.2 M (Nominal)                                        |
| Breadth      | : 1.8 M (Nominal)                                        |
| Colour       | : Orange                                                 |
