

SURVIVAL CRAFT ACCESSORIES

Hydrostatic Release Unit

SKU: 3157100002

The Hammar H20 is designed to activate release at depths of between 1.5-4m

Ration - Seven Oceans

SKU: 3160100001

Emergency food ration 500gms with 5 years shelf life

Water - Seven Oceans

SKU: 3161100001

Emergency drinking water 500ml with 5 years shelf life

Retro Reflective Tape

SKU: 3150100007

Retro Reflective tape 2" X 50 Mtrs rolls in accordance to SOLAS(LSA) Code

Hatchet

SKU: 3138100001

Short handled, single edge hatchet for use in lifeboats

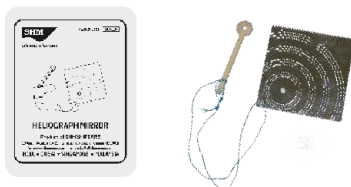

FRP Repair Kit

SKU: 3136100001

Fiberglass Repair Kit for lifeboats and rescue boats

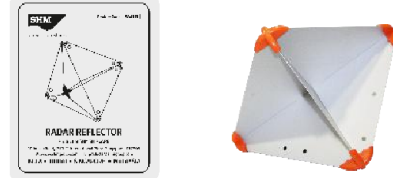

Heliograph Mirror

SKU: 3139100001

A compact daylight signalling mirror

Radar Reflector

SKU: 3147100001

Made of special lightweight alloy treated against corrosion, folds flat for storage

Fishing Kit

SKU: 3135100001

Survival fishing kit

Bailer

SKU: 3131100001

Plastic bailer used to remove accumulated sea water

Manual Bilge Pump

SKU: 2981100001

Portable pump for easily removing bilge water

Buoyant Heaving Line

SKU: 3132100001

Orange Polypropylene floating line of 30m in length

Sea Anchor, Nylon

SKU: 3151100001

A sea anchor is a device that is streamed from a boat in heavy weather

Foot Pump

SKU: 3158100001

This pump can be utilized to inflate or empty the inflatable boats.

Quick Release Knife with Cover

SKU: 3140100001

Knife has a steel blade designed to cut seat belts and harnesses without the risk of injury to the body

Crutches

SKU: 3133100001

Galvanised crutches to hold boat oars

Dipper with Chain

SKU: 3134100001

Rustproof dipper with chain

Graduated Drinking Vessel

SKU: 3137100001

Rustproof graduated drinking vessel

Jack Knife

SKU: 3140100002

Knife with lanyard for use in lifeboats and liferafts

Survival Matches

SKU: 3142100001

Windproof matches packed in sealed waterproof container

Floating Knife

SKU: 3143100001

Buoyant floating knife with Rounded blade

Rescue Quoit & Line

SKU: 3148100001

Quoit complete with 30m self floating rope, deployable for immediate rescue

Oars - Lifeboat & Liferaft

SKU: 3144100001

Light weight and durable oars. Available in plastic or wood

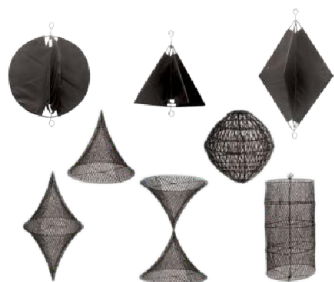

Sea Anchor, Canvas

SKU: 3151100002

Used to slow down boat or liferaft when facing strong winds or heavy

Day Signal Shapes

SKU: 3605100001

Ball, cylindrical, conical, double conical and diamond shape

Signalling Flags

SKU: 3606100056

International marine signal flags

Signalling Torch

SKU: 3152100001

Waterproof rubber signalling torch with lanyard and batteries

Oil Bag**SKU: 3145100001**

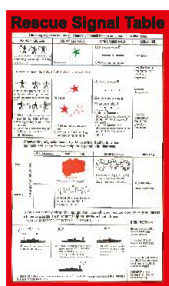

Canvas bag loosely filled with oil absorbent material (Oakum)

Senhouse Slip**SKU: 3173100034**

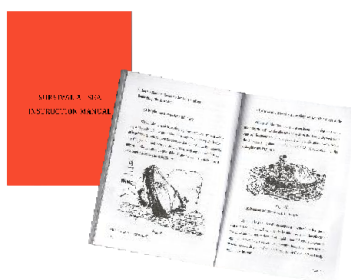

Fits between HRU and lashing strap, securing a liferaft in its cradle

Search Light**SKU: 3162100001 (12V)**
3162100002 (24V)

Watertight, hand-held search light with morse and on/off switch

Rescue Signaling Card**SKU: 3149100001**

International search and rescue communication signals waterproof card

Survival Manual**SKU: 3153100001**

Waterproof survival instruction manual for liferafts and lifeboats

Painter Line**SKU: 3202100064**

Heavy duty polypropylene braided line that floats on the water

Whistle**SKU: 3154100002**

Whistle with lanyard

Anti - Seasickness Tablets**SKU: 3159100001**

Anti sea sickness Tablets for liferafts and lifeboats

Anti - Seasickness Bag**SKU: 3155100006**

Plastic sea sickness bag for liferafts and lifeboats

Boat Hook**SKU: 1023100062**

For docking and rescuing a person. Wood or plastic extendable pole available

First Aid Kit**SKU: 1821100016**

First Aid Kit SOLAS. Available in a plastic container or metal foil pouch

Lifeboat FPD**SKU: 3043100001**

Used during maintenance for avoiding accidents. Maximum break level of 40 T

THRUST HYDROSTATIC RELEASE UNIT

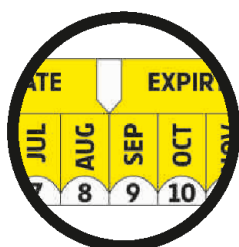

SKU: 3157100013

THRUST is a hydrostatic release unit, approved in accordance to EU/MED standards, and specially designed for use in emergency situations on ships and offshore installations to automatically release liferafts, when manual activation is not possible. THRUST HRU is very simple to use and easily portable. It allows for quick and easy installation, thereby saving customer's time. When the ship sinks, Thrust actuates at a depth of not more than 4 meters, when the blade cuts the rope from the linkage of the liferafts. THRUST HRU has a new separate weak link design, making the breaking strain more stable.

THRUST HRU does not require any annual service or any spare parts. With a service life of 2 years, you simply need to replace the old HRU with a new one.

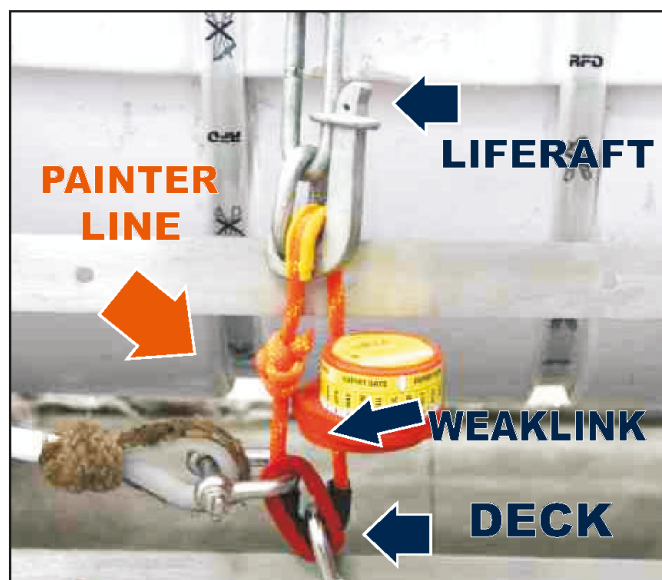

Serial and Certificate number

Marking expiry date is obligatory.
Please check the instructions for further information.

**SERVICE LIFE : TWO YEARS
RELEASE BEFORE 4 m**
