

HELICOPTER CRASH RESCUE EQUIPMENT

SOLAS Chapter II-2, Part G, Regulation 18 states that additional measures should be taken to address the fire safety objectives of this chapter for ships fitted with special facilities for helicopters.

Therefore, the following fire fighting appliances shall be provided and stored near the means of access to the helideck in close proximity: Fire Extinguishers, Foam Application System, 2 sets of Fire-Fighter's Outfits, and a set helicopter rescue equipment.

The Civil Aviation Authority's (CAA UK) CAP 437 standards strongly recommend helicopter rescue equipment be stored in a clearly marked and secure watertight cabinet or chest. A responsible person should be appointed to check and maintain the equipment regularly, and an inventory checklist should be held inside the equipment cabinet/chest. We can also tailor make the crash kit to meet local regulatory and client requirements.

SKU: 1827100001

Item	Qty

Helicopter Rescue Equipment, Cabinet Version

Dimensions: 1530 (H) x 910 (W) x 495 (D)

SKU: 4171100038

Helicopter Rescue Equipment, Chest Version

Dimensions: (H)620mm x (W) 960mm x (D) 510

SKU: 4171100008

Adjustable Wrench

Adjustable Spanners phosphate finish. Nominal Size 400- 450mm. Forged with high grade steel & heat treated to give long service. Jaw scale marking for easy to adjust size.

SKU: 3782100452

Rescue Axe, large (Non-Wedge or Aircraft type)

Large fire axe, durable and rigid for use in combination with the helicopter crash kit.

Material: Wooden handle hardened steel head

SKU: 3505100280

Cutters, bolt

Made from high-grade steel. The jaws are forged and accurately machined. An adjustment screw is provided on the side of the bolt cutters which enables firm and comfort grip. Designed for click and easy cutting of wires, round steel bars, hard drawn steel bolts and standard wires etc.

SKU: 3784100017

Crowbar, large

Crowbar made of steel with chisel and claw at ends. Size 27-28" long with dia 29mm having chisel end min. 75mm long.

SKU: 3788100025

Hook, grab or salving

Grab Hook comprises a piercer and two prongs with a wooden handle. Wooden Handle made up of Bamboo material coated Fire resisting chemical. Can be stored in two pieces, Brass Connection for extension of rod. Hook thickness is 7mm with galvanized.

SKU: 3141100001

Hacksaw (heavy duty) and six spare blades

Durable hacksaw supplied with High speed steel blades

SKU: 3796100032

Blanket, fire resistant

Fire Blanket made of woven glass fabric, folded into a quick release plastic container for ease of storage. The container comes with a provision for wall mounting as well.

SKU: 2258100001

Ladder (two-piece)

: Height 11.6feet, Material of Construction High Tensile Aluminium. Foldable 2 way ladder for access to casualties in a helicopter on its side.

SKU: 1311100024

Life line + Rescue harness

Life line to be attached by means of snap-hook to the rescue harness. Full Body Harness having leg strap and chest strap with buckle attachments for complete fall protection.

SKU: 2225100001 (Life line)

1942100002 (Rescue harness)

Pliers, side cutting

The pliers made from high grade Steel, forged and differentially heat treated to give best performance. Fully insulated with quality plastic material sleeves ensures safe electrical working.

SKU: 3783100058

Screwdriver set, assorted

Set of seven heavy duty combination screwdrivers of various sizes and types.

SKU: 3785100098

Harness knife with sheath

Rounded edge knife suitable for rescue operations. Extremely sturdy metal structure with wooden handle, capable of cutting seat belts and harnesses, without risk of injury.

SKU: 3140100002

Gloves, fire resistant

Fire resistant gloves available in Black and Yellow colour, made of leather and Kevlar.

SKU: 1901100023

Filter mask

Light weight body made from Soft Thermostatic Elastomer. Exhalation vent valve allow efficient escape of CO₂ and exhaled air comfort for wearer. Braided textile elastic is skin friendly.

Halfmask

Provide protection against sub-micron particles, fine dust, water oil base liquid mist and biological agents. Resists clogging in very high dust environment and comes with a aluminum nose clip.

Stretcher

Aluminum structure, stretcher with durable PVC fabric. Easy to handle with 1/2 folds.

SKU: xxxxx

First aid kit

Stores medicines and medical instruments in a watertight packaging as per local guidelines

SKU: 1821100002

Helmet with visor

Reduces peak force to the wearer's neck and transmits less force to the head providing additional protection to the user's brain. Features are placeable suspension, comfort pad and chin strap.

SKU: 2223100001 | 2223100002

Boots, fire fighting

Fire fighters boots suitable for fire rescue, fire suppression, etc. Extra comfort with woven cotton canvas. Flame retardant rubber out sole. Steel toe cap treated with non-corrosive coating.

SKU: 2222100004

Tunic and Trousers

Two-piece fire-fighter suit for fire fighting with reflective tapes for higher visibility.

SKU: 2221100029

Flash hood

Made with a lightweight and inherently flame resistant Aramid fabric.

SKU: 2221100045

Power cutting tool

Compact powerhouse with low vibration. A fast sawing rate and long runtime thanks to powerful motor and high-endurance batteries

Safety Hand Lamp, explosion proof type

Safety hand lamp meets all relevant provisions of explosive atmospheres by virtue of the issued EC type examination certificate.

SKU: 2226100008
